SKILLS

- Java
- SpringBoot
- Microservices
- React
- Html/Css
- MySQL / PostgreSQL
- Maven , Gradle

EDUCATION

Bachelor of
Technology(BTech)

VNS Intitute of Technology

Computer Science
2018-2022

CERTIFICATIONS

- Java
- Microservices
- React
- GCDL

SOFT SKILLS

- Communication
- Teamwork
- Creativity
- Time Management

Abhishek Malviya

FULL STACK DEVELOPER

Experienced Full Stack Developer with 1 year of hands-on expertise in Java, SQL, Spring Boot, Microservices architecture, and React. Proficient in designing and implementing robust, scalable web applications. Skilled in leveraging a diverse tech stack to deliver efficient solutions that meet both client and business needs.

EXPERIENCE

Analyst
Capgemini, India

DECEMBER 2022 -PRESENT

- Developed and maintained full-stack web applications using **Java, Spring Boot, SQL, and React**, ensuring high performance and scalability.
- Implemented **RESTful APIs** and **Microservices** architecture to optimize backend functionality and enhance overall system efficiency.
- Conducted **unit testing, debugging, and performance** tuning to ensure the reliability and stability of applications.
- Practiced **Agile methodologies** such as Scrum, facilitating regular sprints and fostering adaptive development practices for streamlined project delivery.
- Demonstrated strong problem-solving skills by efficiently identifying and resolving technical challenges throughout the **development lifecycle, ensuring smooth project progression.**

PERSONEL PROJECT DEVELOPMENT

Full Stack Development

Project Title : Wallet Management Project

- **Description :** A robust financial management platform enabling seamless fund tracking, transfers, and transaction history with secure user authentication.
- **Tech Stack:** The Wallet Management System utilizes **Java, Spring Boot, Microservices, PostgreSQL, and React** to deliver a secure and scalable platform for managing financial transactions. This tech stack enables efficient backend processing, seamless frontend interaction, and robust data management, ensuring optimal user experience and system performance.

Additional Projects :

- Kanban Board
- Art and Kraft
- Portfolios
